

COVID-19 info

Ensuring the health and safety of our employees and their families as well as continuity of business for our customers is not an easy combination this spring. We are however determined to do our best in the challenging environment.

Bang & Bonsomer Group has established a task force headed by CEO Mikko Teittinen to follow the situation and take necessary measures on the Group level. Our own operations continue as usual and we are in contact with suppliers and transportation companies.

Accounting for the wide scale of our business across industries and countries we cannot give general information on deliveries and product availability, but our sales personnel will inform customers immediately when/if a delay may be foreseen.

For further information, please contact your regular salesperson.

We wish you and your families good health.
